2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Railway School of Math, Science, and Technology is a TK - 6th grade school.

Our mission is "to empower all students, families, and community to go above and beyond through math, science, technology, in order to prepare them for college/career readiness in a global technological society". Our school's mission statement aligns to AVID Elementary's mission statement and includes college and career readiness. As an AVID Elementary school, students are given organizational tools and strategies for success. Railway is proud to offer Instruction with focuses on an integration of science, math, and technology.

Railway's vision statement is to

1. Be known in the community as a school where all students want to be
2. Mastery and constant use of technology
3. Introduction and integration of all sciences with depth and complexity
4. Rigor in all academic areas throughout the grade levels
5. Students think like scientists or mathematicians
6. Physical Evidence of students learning science and math
7. PLC's sharing ideas and strategies
8. Training/Involvement of parents to share in child's education

As a staff, our mission and vision statement is reviewed periodically during staff meetings to ensure our focus is aligned to the goals of our school. During family workshops, coffee with the principal, SSC, and ELAC parents are informed as to how our programs support the mission and vision of Railway Elementary.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Williams Act legislation requires that there should be sufficient textbooks and instructional materials for each student, including English learners, to use in class and to take home. Below is information detailing the names of the textbooks used in our core classes; their dates of publication; the names of the firms that published them; and textbook sufficiency information.

School Facility Conditions and Planned Improvements

Railway was built in 2006. An additional wing of four classrooms was finished in 2007. More parking spaces were completed on the west side of the school. Rubber cushioning has replaced existing wood chips around the climbing play structures. A permanent shade structure has been installed over the kindergarten playground. There are 36 total classrooms.

The school is kept clean and attractive. The cafeteria is cleaned daily, and other buildings are vacuumed and/or mopped daily. Bathrooms are cleaned daily or more frequently as necessary. Sidewalks and hardscape play areas are cleaned weekly. A district gardening crew works at Railway once every eight school days.

More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

To determine the condition of our facilities, our district sent experts from our facilities team to inspect them. They used a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Railway prides itself with its partnership with parents. Parents have multiple opportunities to be involved in school activities and in their child's education. We have a School Site Council where parents are invited to attend to provide input and perspective regarding our school programs. Our English Language Advisory Committee (ELAC) meets to discuss strategies to support our English Learners on reaching English language proficiency. A school site council representative and ELAC representative is present at each meeting to bring forth suggestions and ideas from parents. We hold regularly scheduled family events in the evening. We offer parent workshops that can help parents support their students at home. These workshops can include PBIS, AVID Strategies, Writing, Math, or supporting their students Social Emotional development. We hold multiple family nights: STEM (Science, Technology, Engineering, Math) Night, Astronomy Science Night, Math and Literacy Night.

Parents are encouraged to volunteer in any capacity. This can include supporting in the classroom as a volunteer, assisting the school with logistical tasks, chaperoning educational study trips, or participating in our FIAT (Family Involvement Action Team) Committee. Our FIAT committee meets to collaborate on family events. Parents are informed of events through school flyers, Peachjar and an automated phone call and email. For more information on how to get involved please call our front office at 951-943-3259.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Staff monitors the school grounds before and after school, at recesses, and at lunchtime. Teachers and staff regularly model, teach, and review the expectations for behavior. Railway is a fully fenced, closed campus. Visitors must enter the school through the main office. All visitors must present a valid I.D. which is scanned into the Raptor System. This system improves school safety by verifying that all persons entering campus are authorized to do so. Once the I.D. is scanned it is compared to the national registered sex offender databases. Once a visitor is cleared, a badge with the visitor's picture, time, destination, and date is printed. This provides awareness among all staff and ensures security throughout campus. Additionally, in cases of emergency, fire or earthquake, the Raptor System generates a report of visitors who were on campus. We revise our School Safety Plan annually. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We share the plan with all staff during a school wide staff meeting. Parent input is solicited during our School Site Council and ELAC meetings. We practice fire drills monthly as well as earthquake duck and cover and lockdown drills periodically throughout the year. We hold trainings for staff on emergency preparedness annually.

2020-21 Types of Services Funded

Railway offers a variety of services and and programs to assist students in reaching academic achievement.

Bilingual Instructional Aides work with the classroom teachers to support identified English Learners in all content areas.

Additional instructional support is offered through after school tutoring. The district offers a Targeted Intervention Program (TIP) after school for students who need additional intervention and support on mastering California Standards. This is a federal program that offers tutoring services to students who qualify. Site based after school tutoring at Railway is offered in the areas of English Language Arts and Math. These programs give students the opportunity for reteach and additional time to practice to reach content mastery. We also host a Saturday Academy about 8 times a year to offer academic and enrichment programs to students.

Railway has a full time school counselor who provide individual and group counseling. Additionally, they support our PBIS (positive behavioral interventions and support) culture by providing whole group lessons, small group counseling, and individual counseling to students. Classroom teachers teach guidance lessons using the Second Step Curriculum. This program teaches social skills lessons and conflict resolution through effective, engaging, and age-appropriate lessons.

Railway's Academic Coach is a certificated teacher who plans lessons and training to support classroom teachers. The academic Coach will provide Professional Development to teachers throughout the year. She follows up on district Professional Development and provides additional assistance as informed by assessment data.

Railway is an AVID Elementary school. At the elementary level, students learn note taking skills, WICOR instructional strategies, and other success building skills for their future learning career. Throughout the year, we offer AVID informational meetings for families to become aware and support their children with the skills students learn at school.

Professional Development

Professional Development for staff is centered on school priority and focus areas, using student data to determine overall needs. The principal in collaboration with the assistant principal, academic coach and/or leadership team will determine the topic and goal for professional development. This is delivered through a variety of ways. The most common is through a staff meeting. Teachers participate in strategies that can support students with achieving mastery in Math, ELD, and/or ELA California Standards. Teachers also attend conferences specific to our school programs in order to enhance teaching practices. Our teachers have attended AVID Summer Institute to implement AVID Elementary school-wide. Our PE and Art teachers have also attended a conference specific to their subject. Teachers are supported through individual feedback from the principal and/or assistant principal. Our classified teaching and non-teaching staff participates in professional development particular to their assigned duties and responsibilities. Supervision Aides meet regularly to review, train, and practice student supervision skills as well as skills learned through our site PBIS initiative. Consistent individual support from our academic coach is available to all teachers through a collaborative process. Expectations are modeled throughout staff meetings and during professional development. Teachers are given opportunities to calibrate and collaborate using data. Follow up support is provided by the academic coach to discuss and model best teaching practices and strategies for our students. Professional development focusing on climate and culture (PBIS/MTSS), restorative practices and the PLC model will be provided. New teachers are supported through the District's New Teacher Induction Program and meet throughout the year. The district is also offering professional development throughout the year after school and on Saturdays related to school culture and literacy.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
