2022-2023 School Accountability Report Card

(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Perris Elementary school is a Leadership Academy and as a leadership academy our students learn and follow 4 schoolwide expectations - L.E.A.D. (Learn, Excel Achieve and Be Determined). Our mission at Perris Elementary School Leadership Academy is to develop leaders in the 21st Century that empower others, achieve goals, develop a voice, engage in collaboration, respect others' talents, and support a safe learning environment.

Perris Elementary school has adopted the practices of Stephen Covey's The Leader in Me, which acts as an inside-out system, building the SEL capacity of the adults in the school as the foundation. This systematic approach to SEL practices includes outreach to families and the community as essential parts of the learning partnership. Leader In Me provides lessons and teaching practices to address SEL with our students. Leader In Me offers strategies for working with bias and youth action projects. This includes training that helps educators grow their ability to identify and reduce bias in order to create equitable learning environments. Additionally, students are empowered to develop, initiate, and direct service-learning projects to address needs in their school and local communities.

Students attending Perris Elementary will learn Common Core Academic Standards and leadership skills through the Leader in Me curriculum. Town-hall meetings, assemblies, and community outreach events are the many opportunities in which students express their creativity while honing innovative and critical thinking abilities. Perris Elementary is committed to delivering high learning and leadership levels for all students.

Perris Elementary is proud of our dedicated staff, parents, and students who help us obtain learning goals. We believe that by working together as a professional learning community, all students will succeed. Perris Elementary School is where all students have the opportunity and encouragement to reach their full potential. The goal for all students is to master those skills necessary to be successful and productive citizens. Through the implementation of AVID (Advancement via Individual Determination), PBIS (Positive Behavioral Interventions and Supports), and technology integration, Perris Elementary School provides students with a well-planned instructional program that emphasizes literacy, mathematics, leadership, physical education, and the arts. Perris Elementary school has received platinum recognition for our Positive Behavior Interventions and support (PBIS) systems.

Perris Elementary School is a K-6 school with approximately 708 students. Perris Elementary School is a School-wide Title I school. The student population draws from diverse cultural and socio-economic backgrounds in a suburban/rural environment. Perris Elementary is approximately 89% Hispanic, 8% African American, 2% White, and .1% Other. 54% of our students are English Learners whose primary language is not English. 100% of our students participate in the free or reduced-price breakfast and lunch program.

Perris Elementary School is composed of a principal, assistant principal, 36 regular classroom teachers, an Art teacher, a Physical Education teacher, an Educational Specialist, three Special Education Teachers, a School Counselor, an Academic coach, a Speech Therapist, and a School Psychologist. All Perris Elementary School teachers are highly qualified and

credentialed. Classroom teachers use district adopted curriculum, including the Wonders Language Arts program and the Singapore Mathematics program. Our campus offers Special Education instruction across multiple grade-levels and is fully committed to ensuring every child meets their full potential. Instructional aides, supplemental curriculum, and differentiated instructional practices enable our instructional team to develop students' unique educational experiences.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Williams Act legislation requires that there should be sufficient textbooks and instructional materials for each student, including English learners, to use in class and to take home. Below is information detailing the names of the textbooks used in our core classes; their dates of publication; the names of the firms that published them; and textbook sufficiency information.

School Facility Conditions and Planned Improvements

Perris Elementary school was constructed in 1948. It is the oldest school site in the district, with seven remaining permanent classrooms from 1953. More facts about the condition of our school buildings are available in an online supplement to this report called for by the Williams legislation of 2004. What you will find is an assessment of more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. The important purpose of this assessment is to determine if our buildings and grounds are safe and in good repair. If anything needs to be repaired, this assessment identifies it and targets a date by which we commit to make those repairs. The guidelines for this assessment were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. You can look at the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC.

To determine the condition of the facilities, district representatives inspected them. They used a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. Based on that survey, critical elements are addressed in the information summary. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced

Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	12	15	16	19	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent involvement at Perris Elementary School is highly encouraged and allows for parent participation in children's learning. We support a positive partnership with parents and the community. Parents and families can volunteer individually or as part of a group. If a parent or community member wants to volunteer at school, the first step is to complete a volunteer application form.

Perris Elementary School has many opportunities for parents to be active participants in school activities. Parent teams support many of our student programs, making the learning experience both productive and relevant. Parents stay informed of volunteer opportunities with upcoming events and school activities through our AERIES parent portal, and school newsletters. Parent groups meet regularly and work on school initiatives to increase student achievement in Reading, ELD and Math. An array of after school opportunities for family nights (i.e. STEAM night, Movie Night, Reading night, etc.) occur throughout the school year. Parents can join our School Site Council, which works with the Principal to help make real-time educational decisions on various school goals. Parents of English Learners are vital to our English Learners Advisory Committee (E.L.A.C.) and they help to shape our instructional efforts for students that are designated as English Learners. Parent volunteers also help with special projects in the classroom, chaperone field trips and support the educational program in a variety of other ways.

We invite all parents to attend Back to School Night in the Fall, Parent-Teacher Conferences in November and Open House in the Spring.

2023-24 School Safety Plan

Perris Elementary School staff works with District Office staff to develop a Comprehensive School Safety Plan. The plan outlines procedures for responding to a wide variety of emergency situations. Students and staff practice emergency procedures each month and review emergency plans regularly. Our school site has representatives who participate in the District Safety Committee. The safety team ensures that all safety procedures are in place and updated. The school safety team also brings valuable information back to the entire staff after attending the district level meeting. Our Custodial staff and the District Maintenance staff inspect our school site for safety concerns frequently and schedule "safety checks" regularly. Staff members and supervision aides monitor children whenever they are outside the classroom. As students transition from outside recess to their classrooms, our supervision aides provide learning opportunities, reinforcing leadership habits. The Comprehensive School Safety Plan includes safety practices, according to Ed Code. A copy of the plan is available for inspection by the public at the front office. School administration and teaching staff prioritize providing adequate adult supervision on campus before, during, and after school.

Together, the teachers and administration collaborate to strengthen practices for teaching and learning. The school's staff has established a culture of Positive Behavior Interventions and Supports (P.B.I.S.) that encompasses universal expectations. The students learn skills to help them be safe, respectful, responsible, and leaders in all school areas. Our school is a leadership academy where students focus on the core pillars of a successful student defined as L.E.A.D., which stands for learn, excel, achieve, and determination.

We have an enclosed campus that is fully fenced. Visitors must enter and depart the school through the main door. All visitors must sign in at the office, presenting a valid government identification. Each visitor is ran through the Raptor® system and is provided a visitor/volunteer badge to wear throughout their stay that describes their visit's purpose. All visitors at Perris Elementary School must sign in at the front office and wear a visitor's name tag. The front office staff and supervision aides enforce this system daily to ensure that all visitors have checked-in with the front office staff.

Our school has an Emergency Preparedness Plan with specific procedures for handling emergencies. The school's safety committee, consisting of staff and parents, review and update the safety plan annually. In October, we hold a Disaster Drill to prepare students and make them aware of all procedures involving an earthquake-type emergency or disaster. Students and staff practice different emergency procedures and drills, including evacuation practices. Each day, the staff monitors the playground and campus before, during, and after school. We have strict policies that prohibit fighting and bullying. All playground equipment and school facilities undergo inspections.

We revise our School Safety Plan annually, and it reflects current procedures and practices. The plan includes emergency procedures, exit routes, students' safe supervision, and student family reunification routines. We share the plan with all staff during a school-wide staff meeting.

Fiscal Year 2022-23 Types of Services Funded

Perris Elementary School students receive support from a variety of programs and services that are available during the instructional day as well as supplemental educational services. The school's goal is to provide an overall instructional program that aligns with the needs of our student population. Below is a description of the services for the 2023-2024 school year:

- **Bilingual Aide Support Program:** Bilingual Instructional Aides support students in their primary language. The bilingual instructional aides work with English Language Learners as identified through our school's achievement plan(s). Our bilingual instructional aides have received training on phonics, Close Reading, High Leverage instructional strategies and the Universal Design Instructional Strategies. The classroom teachers identify the lowest language domain of students and plan lessons for the aides to deliver with instructional support to EL students in order to support the lessons that teachers have taught during whole group instruction.
- **Academic Coaching Services:** The Academic Coach is a certificated teacher who plans lessons and provides training to support classroom teachers. The Academic Coach works with teachers to plan lessons while assisting with demonstration and co-teaching lessons. Additionally, the Academic Coach debriefs with teachers to discuss strategies that will maximize lesson delivery effectiveness. The Academic Coach provides Professional Development to teachers. The coaching services provided to teachers make a positive impact on all instructional programming.
- **Targeted Intervention Instructional Program:** Our students receive Targeted Intervention instruction throughout the week. During this time, the students receive leveled instruction specific to ELA or Math standards. During this time, teachers work with smaller groups of students on targeted skills as determined by student needs.
- **Leader In Me Program:** Our school is a "Leader In Me" school. Our school is committed to embedding leadership instruction across content areas. Students learn the seven habits of highly effective people and actively participate in leading a culture of excellence. The social-emotional learning embodied in the Leader In Me program focuses on the development of character and academic growth. Monthly, our school hosts grade-level town hall student-led meetings. Students participate in classroom and school leadership roles. Our school is committed to growing leaders today and tomorrow!
- **Social Worker Intern Program:** Our school receives services from one or more social worker intern(s) who work with students on social skills in small and whole-group settings. The Intern (s) may meet with students on an individual basis, with parent consent, to develop skills, work through grief, or other life situations impacting schooling. The Intern(s) are on the school site as much as four times a week to meet with students and help them be successful in school.
- **Counseling Program:** For the 2023 - 2024 school year, our school has at full time Elementary School Counselor. Her role at the school varies with the primary purpose of providing students with counseling services for a range of issues. Throughout the year, the counselor visits all classrooms and delivers instruction from the Second Step curriculum and/or leader in me curriculum. Through this activity, our students gain instruction and practice skills that assist them in developing positive social skills such as empathy, making friends, and working together. The counselor is also available for small group and individual instruction as identified and referred by a teacher,

administration, or parent/guardian(s). The counselor may also conduct home visits and serves as our community liaison for family services.

- **AVID Elementary Program:** Our school has embraced AVID Elementary to help prepare students for success in middle school, high school, and beyond. At the elementary level, students learn note-taking skills, WICOR strategies, and other success building skills for their future learning career. The primary purpose of this program during the elementary years is to teach students successful organizational habits that will make learning easier. Throughout the year, we offer AVID informational meetings for families to become aware and support their children with the skills students learn at school.
- **Think Together Afterschool Program:** The Think Together program is an extended learning program provided after school. The Think Together program works with students from Kinder through sixth grade. Students attend the program from school's dismissal time through 6:00 pm each day that school is in session.
- **TIP After School Program:** TIP tutoring services provided to students needing academic intervention. The program offers extra support to students needing intensive intervention to meet ELA or Math standards. Students are enrolled based on academic need and parent application requirements.

Professional Development

Quality professional development is essential to the first best instruction for our students. The school's learning priorities and focus areas for professional development topics are data-driven decisions. Additionally, specific professional development topics support the instruction of leadership skills for our students. Topics for professional development may include high leverage instructional strategies, reading, writing, AVID Elementary, the use of technology in the learning process, and classroom/school culture-building through the Leader in Me program.

Professional development is ongoing and consistent throughout the year. School staff meets for professional development weekly in addition to after school workshops, collaboration release time, and individual mentoring. New teachers receive biweekly professional development from the Academic Content Coach to support their instructional growth. Our school-wide team participates in professional development, particular to their assigned duties and responsibilities. For example, the school offers Supervision Aide professional development to build and enhance student supervision skills and the implementation of Playworks Robust Recess.

Additionally, all teaching staff has the opportunity for guidance, collaboration, and lesson planning time using the California Common Core State Standards and Perris Elementary District's Units of Study. Teachers are guided towards a practical approach to plan and deliver lessons. All in all, teachers gain a better understanding of the framework used to build the Units of Study and participate in collaboration time to plan to enhance and enrich weekly lessons, providing a content-rich and rigorous education for all students.
