School Accountability Report Card
Reported Using Data from the 2019-2020 School Year
Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Perris Elementary school is a place where students learn, excel, achieve, and are determined. As a leadership academy, the learning experiences are student-centered and led. Students attending the leadership academy will learn to apply high learning levels tied to rigorous Common Core Academic Standards and leadership skills through the Leader in Me curriculum. Town-hall meetings, assemblies, community outreach events, and artistic performances are the many opportunities students express their creativity while honing innovative and critical thinking abilities. Every day and everywhere, Perris Elementary is committed to delivering high learning and leadership levels for all students. Our mission at Perris Elementary School Leadership Academy is to develop leaders in the 21st Century that empower others, achieve goals, develop a voice, engage in collaboration, respect others' talents, and support a safe learning environment.

The Perris Elementary professional learning community transforms education with high learning and leadership levels through an integrated learning approach. During the COVID-19 pandemic, the Perris Elementary team worked with Riverside County of Education to pilot the virtual Visual and Performing Arts (VAPA) offering in partnership with McCallum Theatre. Phase I of the VAPA pilot included TK, Kindergarten, Fifth Grade, and all PESD Virtual Academy students. The VAPA pilot's objective is to increase student engagement and positively impact overall wellness, especially during COVID-19, while providing academic instructional rigors related to the arts using thematic standard-based lesson structures. The current unit students are experiencing dance—the students engage so beautifully in movement, creative problem-solving, and critical thinking processes.

Perris Elementary is proud of our dedicated staff, parents, and students who help us obtain learning goals. We believe that by working together as a community, all students will succeed. Perris Elementary School is where all students have the opportunity and encouragement to reach their full potential. The goal for all students is to master those skills necessary to be successful and productive citizens. Through the implementation of AVID (Advancement via Individual Determination), PBIS (Positive Behavioral Interventions and Supports), and technology integration, Perris Elementary School provides students with a well-planned instructional program that emphasizes literacy, science, math, leadership, physical education, and the arts. We measure our successes with each child.

Perris Elementary School is a K-6 school with approximately 708 students. Perris Elementary School is a School-wide Title I school. The student population draws from diverse cultural and socio-economic backgrounds in a suburban/rural environment. Perris Elementary is approximately 89% Hispanic, 8% African American, 2% White, and .1% Other. Fifty-four percent of our students are English Learners whose primary language is not English. 100% of our students participate in the free or reduced-price breakfast and lunch program.

Perris Elementary School is composed of a principal, assistant principal, 36 regular classroom teachers, an Art teacher, a Physical Education teacher, an Educational Specialist, five Special Education Teachers, a School Counselor, an Academic coach, a Speech Therapist, and a School Psychologist. All Perris Elementary School teachers are highly qualified and credentialed. Classroom teachers use district adopted curriculum, including the Wonders Language Arts program and the Singapore Mathematics program. Our campus offers Special Education instruction across multiple grade-levels and is fully committed to ensuring every child meets their full potential. Instructional aides, supplemental curriculum, and differentiated instructional practices enable our instructional team to develop students' unique educational experiences.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: September 10, 2020

The Williams Act legislation requires that there should be sufficient textbooks and instructional materials for each student, including English learners, to use in class and to take home. Below is information detailing the names of the textbooks used in our core classes; their dates of publication; the names of the firms that published them; and textbook sufficiency information.

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy

School Facility Conditions and Planned Improvements

Constructed in 1948, Perris Elementary is the oldest school site in the district, with seven remaining permanent classrooms from 1953. The Perris Elementary School District modernized the school facilities in 1995. There are 19 portable classrooms and 22 permanent classrooms, a library/media center, and a multipurpose building. Our facilities department update infrastructure, green and hard spaces, and other spaces/areas as needed. Carpeting and interior updates occur in the classroom or space on an ongoing basis. A freshly painted exterior occurred during the summer of 2013. The exterior fences and paved areas were all updated in 2008. A new slurry coat to the paved area and new striping were conducted during the beginning of the 2017-2018 school year.

More facts about our school buildings' condition are available in an online supplement to this report called for by the Williams legislation of 2004. In assessing more than a dozen aspects of our buildings: their structural integrity, electrical systems, heating and ventilation systems, and more. This assessment's vital purpose is to determine if our buildings and grounds are safe and in good repair. If anything needs repairing, this assessment identifies it. It targets a date by which we commit to making those repairs. The guidelines were written by the Office of Public School Construction (OPSC) and were brought about by the Williams legislation. The Perris community can find the six-page Facilities Inspection Tool used for the assessment on the Web site of the OPSC. The most recent school inspection took place on November 20, 2019. No emergency repairs were needed, and no unsafe conditions were found. All restrooms were fully functional and available for student use at the time of the inspection. The COVID-19 pandemic enacted scheduling changes and a full-time virtual learning curriculum.

To determine the condition of the facilities, district representatives inspected them. They used a survey, called the Facilities Inspection Tool, issued by the Office of Public School Construction. Based on that survey, critical elements are addressed in the information summary. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: October 1, 2020

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	16	N/A	24	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Parental involvement at Perris Elementary School is highly encouraged to allow for participation in their child’s learning. We support a robust and positive partnership with parents and the community. Parents and families can volunteer individually or as part of a group. If a parent or community member wants to volunteer at school, the first step is to complete a volunteer application form.

Perris Elementary School has many opportunities for parents to be active participants in school activities. Parent teams support many of our student programs, making the learning experience both productive and culturally relevant. Parents stay informed of volunteer opportunities with upcoming events and school activities through our Peachjar information system, parent portal, school newsletters, school marquee, and Blackboard messenger (automated telephone message delivery system). Individuals and families are encouraged to participate in a decision-making group, our Family Involvement Action Team (FIAT), Parents as Partners, and Family Night Programs. All of these programs allow for interactive volunteering and informative decision making. Parent groups meet regularly and work on school initiatives to increase student achievement in Reading and Math. Daytime activities for parents include workshops, Wake-up, and L.E.A.D. events focused on readers as leaders and volunteer visits. An array of after school opportunities for family nights (i.e., Math Night, Holiday Performance, Science Fair) occurs throughout the school year. Activities for this group range from fundraising to assisting in the classroom and at times in the front office. Parents can join our School Site Council, which works with the Principal to help make real-time educational decisions on various school goals. Parents of English Learners are vital to our English Learners Advisory Committee (E.L.A.C.) and our outreach efforts on behalf of new families. Other parent volunteers help with special projects in the classroom and chaperone field trips.

We invite all parents to attend Back to School Night in the Fall, Open House in the Spring, and Parent-Teacher Conferences in November. We always need new volunteers! Contact our front office staff at (951) 657-2124 or visit the school website to obtain a Volunteer Application.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions	3.8	0.8	3.6	2.1	3.5	3.5
Expulsions	0.0	0.0	0.0	0.0	0.1	0.1

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.3	1.1	2.5
Expulsions	0.0	0.0	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Perris Elementary School staff works with District Office staff to develop a site safety plan and an emergency preparedness plan, laying out procedures for responding to a wide variety of situations. Students and staff practice emergency procedures monthly and review emergency plans. Our school site has several representatives who participate in the District Disaster Preparedness Committee. The individuals involved include teachers, administrators, and other school staff. The safety team ensures that all safety procedures are in place and updated. The school safety team attends district level meetings and brings valuable information back to the entire staff. Our Custodial staff and the District Maintenance staff inspect our school site for safety concerns frequently and schedule "safety checks" weekly. Staff members and yard supervision aides monitor children whenever they are outside the classroom. As students transition from outside recess to their classrooms, our yard supervision aides provide learning opportunities, reinforcing leadership habits. The Comprehensive Safe School Plan includes safety practices, according to Ed Code. A copy of the plan is available for inspection by the public at the front office. School administration and teaching staff prioritize providing adequate adult supervision on campus before, during, and after school.

Together, the teachers and administration collaborate to strengthen practices for teaching and learning. The school's staff has established a culture of Positive Behavior Interventions and Supports (P.B.I.S.) that encompasses universal expectations. The students learn skills to help them be safe, respectful, responsible, and leaders in all school campus life areas. Our school is a leadership academy where students focus on the core pillars of a successful student defined as L.E.A.D., which stands for learning, excelling, achieving, and determination in all academic aspirations.

We have an enclosed campus that is fully fenced. Visitors must enter and depart the school through the main door. All visitors must sign in at the office, presenting a valid government identification. Each visitor uses the Raptor® system and is provided a visitor/volunteer badge to wear throughout their stay that describes their visit's purpose. All visitors at Perris Elementary School must sign in at the front office and wear a visitor's name tag. The front office staff and supervision aides enforce this system daily to ensure that all visitors have checked-in with the front office staff.

Our school has a school Safety and Disaster Preparedness Plan with specific procedures for handling emergencies. We hold monthly practice drills for fire and lock-down procedures. The school's safety committee, consisting of staff and parents, review and update the safety plan annually. In October, we hold a Disaster Drill to prepare students and make them aware of all procedures involving an earthquake-type emergency or disaster. Students and staff practice different emergency procedures and drills, including evacuation practices. Each day, the staff monitors the playground and campus before, during, and after school. We have strict policies that prohibit fighting and bullying. All playground equipment and school facilities undergo inspections.

We revise our School Safety Plan annually, and it reflects current procedures and practices. The plan includes emergency procedures, exit routes, students' safe supervision, and student family reunification routines. We share the plan with all staff during a school-wide staff meeting. We practice fire, earthquake, or lock-down drills monthly and hold staff training on emergency preparedness at the beginning, middle, and end of the school year.

Types of Services Funded (Fiscal Year 2019-2020)

Perris Elementary School students receive support from a variety of programs and services that are available during the instructional day as well as supplemental educational services. The school's goal is to provide an overall instructional program that aligns with the needs of our student population. Below is a description of the services for the 2019-2020 school year:

- **Bilingual Aide Support Program:** Bilingual Instructional Aides support students in their primary language. The bilingual instructional aides work with English Language Learners as identified through our school's achievement plan(s). Our bilingual instructional aides have received training on phonics, Close Reading, High Leverage, and the Universal Design Instructional Strategies. Also, our teachers and bilingual instructional aides implement Rosetta Stone, a second language acquisition program. The classroom teachers identify the lowest language domain of students and plan lessons for the aides to deliver with instructional support to ELL students in order to support the lessons that teachers have taught during whole group instruction.
- **Academic Coaching Services:** The Academic Coach is a certificated teacher who plans lessons and provides training to support classroom teachers. The Academic Coach works with teachers to plan lessons while assisting with demonstration and co-teaching lessons. Additionally, the Academic Coach debriefs with teachers to discuss strategies that will maximize lesson delivery effectiveness. The Academic Coach provides Professional Development to teachers. The coaching services provided to teachers make a positive impact on all instructional programming.
- **Targeted Intervention Instructional Program:** Our students receive Targeted Intervention instruction throughout the week. During this time, the students receive leveled instruction specific to ELA or Math standards. Student groups are flexible, and re-alignment of the groups and programs happens after analysis of planned assessments, which usually take place about every six weeks. During this time, teachers work with smaller groups of students on targeted skills as determined by student needs.
- **Leader In Me Program:** Our school is a "Leader In Me" school. Our school is committed to embedding leadership instruction across content areas. Students learn the seven habits of highly effective people and actively participate in leading a culture of excellence. The social-emotional learning embodied in the Leader In Me program focuses on the development of character and academic growth. Monthly, our school hosts grade-level town hall student-led meetings. Annually, our school hosts a "Leadership Day," showcasing the development of our students' leadership skills. Students participate in classroom and school leadership roles. Our school is committed to growing leaders today and tomorrow!
- **Social Worker Intern Program:** Our school receives services from one or more social worker intern(s) who work with students on social skills in small and whole-group settings. The Intern (s) may meet with students on an individual basis, with parent consent, to develop skills, work through grief, or other life situations impacting schooling. The Intern is on the school site as much as four times a week to meet with students and help them be successful in school.
- **Counseling Program:** For the 2020-2021 school year, our school hired a full-time Elementary School Counselor. Her role at the school varies with the primary purpose of providing students with counseling services for a range of issues. Throughout the year, the counselor visits all classroom and delivers instruction from the Second Step curriculum. Through this activity, our students gain instruction and practice skills that assist them in developing positive social skills such as empathy, making friends, and working together. The counselor is also available for small group and individual instruction as identified and referred by a teacher, administration, or a family. Also, the counselor conducts home visits and is our community liaison for family services.

- **AVID Elementary Program:** Our school has embraced a learning system called AVID Elementary to help prepare students for success in middle school, high school, and beyond. At the elementary level, students learn note-taking skills, WICOR instructional strategies, and other success building skills for their future learning career. The primary purpose of this program during the elementary years is to teach students successful organizational habits that will make learning easier. Throughout the year, we offer AVID informational meetings for families to become aware and support their children with the skills students learn at school.
- **Think Together Afterschool Program:** The Think Together program is an extended learning program provided after school. The Think Together program works with students from first grade through sixth grade. Students attend the program from school's dismissal time through 6:00 pm each day that school is in session.
- **TIP After School Program:** TIP tutoring services provided to students needing academic intervention. Parents will complete the application process for TIP tutoring. The program offers extra support to students needing intensive intervention to meet ELA or Math standards. Students are enrolled based on academic need and parent application requirements.

Quality professional development is essential to the first best instruction for our students. The school's learning priorities and focus areas for professional development topics are data-driven decisions. Additionally, specific professional development topics support the instruction of leadership skills for our students. Topics for professional development may include high leverage instructional strategies, reading, writing, AVID Elementary, the use of technology in the learning process, and classroom/school culture-building through the Leader in Me program.

Professional development is ongoing and consistent throughout the year. School staff meets for professional development weekly in addition to after school workshops, conference release time, and individual mentoring. New teachers receive biweekly professional development from the Academic Content Coach to support their instructional growth. Our school-wide team participates in professional development, particular to their assigned duties and responsibilities. For example, the school offers Supervision Aide professional development to build and enhance student supervision skills by implementing programs such as the Leader in Me and Positive Behavior Intervention.

Additionally, all teaching staff has the opportunity for guidance, collaboration, and lesson planning time using the California Common Core State Standards and Perris Elementary District's Units of Study. Teachers are guided towards a practical approach to plan and deliver lessons. All in all, teachers gain a better understanding of the framework used to build the Unit of Study and participate in collaboration time to plan to enhance and enrich weekly lessons, providing a content-rich and rigorous education for all students.
